

## HOANG THAI (HENRY)

*Senior Associate of Aedas Singapore*

Hoang Thai is a Senior Associate at Aedas and has almost 15 years of architectural experience in designing & managing different types of projects ranging from villas, terrace houses to big scale buildings such as 70 story high-rise condominium, large shopping mall, mixed-use development, office, retail, hotel, master planning and so on.

Having had a chance to practice in vernacular small firm as well as large renowned international organizations that focus on projects in Southeast Asia and Middle East area, he finds himself to be an “artist” who nurses some strong commitments to beauty, creativity and simplicity.
